## PHILOSOPHY

We believe in teaching through self-motivation, not intimidation. We believe positive reinforcement helps students reach their full potential as moving artists. Providence Ballet prides itself in giving all students the best, well-rounded training possible, whether the dance-goal is simply recreational or the serious pursuit of a future in the performing arts.

## OUR FACULTY

Our faculty here at **Providence Ballet** consists of qualified professionals who are continuing individual careers as performing artists. Many teach dance in universities and colleges throughout RI and southeastern New England. All of our teachers have years of experience working with both young children and adults.

## CLASS DESCRIPTIONS

### **Creative Movement**

Ages 3 – 4 years

Musical awareness is introduced through rhythmic games and skills, and connected to the movement explored.

### **Pre-Ballet**

Age 5-6 year olds

Students begin the study of classical ballet through age appropriate technique focusing on coordination, musical and spatial awareness. Elements of creative movement enhance basic Ballet movements.

### **Ballet I - Ballet III**

Ages 6 – 10 years

Introducing and reinforcing the fundamentals of Ballet; barre-work helps students to develop strength, discipline and proper body alignment. Self-expression is developed while exploring quality of movement.

### **Ballet IV - Advanced Ballet**

Ages 10 & up

Continuing the development of proper body alignment, strength and discipline needed as dancers mature. Proper technique is taught while encouraging self-expression through this beautiful art form. At this level the student is required to take at least two ballet classes per week. Pointe for girls may be added at age 12.

### **Modern Dance**

Ages 8 & up

This class concentrates on body awareness, exploring different levels, traveling movements and positions and increasing the body’s strength and flexibility. The concept of fall and recovery, jumps, turns, improvisation and exploration of different musical rhythms and their dynamics are introduced.

### **Ballet Barre class**

Adults

Taught by a trained dancer, this class is designed to lengthen, strengthen, stretch and tone while concentrating on correct posture and form. Class will start on the mat using a combination of Pilates, Yoga and floor barre and then continue at the ballet barre where we will incorporate classic ballet combinations. This class is great for any level and no ballet experience is necessary.

### **Jazz Dance**

Ages 9 & up

This class will introduce the principles of jazz dance technique. The one-hour class begins with a warm-up, isolations and stretching. Students learn fundamental jazz steps and movement combinations.

### **Tap Dance**

Ages 9 & up

An introduction to the principles of tap dance technique. Students learn the fundamental steps of tap dance including basic one and two sound movements and simple rhythmic combinations in center.
